

IT'S A SNAP
TO BE A
BETTER
BUILDER.

www.latentotoca.com

Ages 4 and Up

You made the best choice when you chose Tente over the other construction bricks. Because the Tente system is really like no other. Whatever a child chooses to build, the end result looks like what he or she originally imagined. With Tente, a boat looks more like a boat; a car, looks more like a car; — so naturally, building becomes more fun. That's because Tente features curved pieces and special shapes the other brick systems don't. And every piece is interchangeable with pieces from other Tente sets . . . the building possibilities are limitless. And most importantly, when a child builds with Tente . . . it holds together for hours of imaginative play. So almost anything kids can imagine, they can build with Tente.

BASIC BUILDING SETS

The basic sets have lots of interlocking bricks for all kinds of construction. Wheels for cars and trucks, bows and sterns for ships, and plenty of special pieces to stir up the imagination of any young builder. As the sets become bigger and include more and more special construction pieces . . . the more varied the play possibilities become.

TENTE ROAD VEHICLES

Tente offers a wide range of detailed vehicles to choose from, or to collect as a whole. Features like "chrome" exhaust pipes, fat off-road tires, fast-running wheels and car windows make for exciting collecting, realistic play. Of course, each set can be completely customized to personal specifications or combined with other sets to create almost anything a child can imagine.

SPECIAL FEATURES

TENTE SHIPS AND MARINA

Kids can start their own Tente fleet from this realistic assortment of ships. The Marina has its own tugboat to bring each ship into its own docking area. Each set includes all those realistic special pieces that make a Tente ship look like a real ship . . . like bows, masts, radar, portholes and windows.

SPECIAL FEATURES

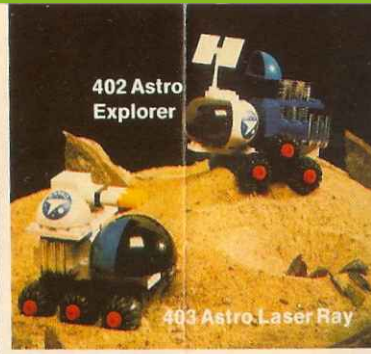

SPECIAL FEATURES

TENTE ASTRO

When a child builds an Astro Space Vehicle his imagination takes a giant step into the future. Tente Astro sets have lots of special features like big domes, wide tires for alien terrain exploration, solar panels, etc. And the Astro Space Station is just the place for all imaginary adventures into the future.
